This manual is distributed as an electronic manual on the following CD-ROM:

CD Title:	7312
CD Rev. & Date:	4/2013
CD PN:	3750995

## Change #1

On page 12, add the following Note:

*Note*

*The Product may exhibit some control sensitivity to moderate or severe electromagnetic fields or conducted interference of certain frequencies. In the presence of radiated EM disturbances, with frequencies of 250 MHz to 400 MHz and with amplitude >1 V/m up to 3 V/m, add 0.0025 °C to the stability specification. Stability is not guaranteed if amplitude is >3 V/m. When subject to conducted disturbances of 8 MHz to 80 MHz, and amplitude >3 V, add 0.005 °C to the stability specification.*
