

# MET/CAL 10.0.0 README

This document includes information related to MET/CAL 10.0.0. This version of MET/CAL is compatible with MET/CONNECT.

## WHAT'S NEW IN VERSION 10.0.0?

- MET/CAL Runtime and MET/CAL Editor have been updated to support MET/CONNECT
- The 5790B FSC for using the Fluke 5790B AC Measurement Standard

## NEW INSTALLATIONS

- Run the MET/TEAM Server installer or MET/CONNECT Server to setup MET/TEAM or MET/CONNECT on a server. This will also deploy the MET/CAL Client installer to the \metteam or \metconnect shared folder respectively.
- Run the MET/CAL Client installer on all MET/CAL workstations. The MET/CAL Client installer is found in the \Installers\METCAL folder on the \metteam or \metconnect share.
- For Stand-Alone installations, the MET/CAL Client installer can be run from the local folder (typically C:\Program Files (x86)\Fluke\METTEAM\Installers\METCAL for MET/TEAM or C:\Program Files (x86)\Fluke\METCONNECT\Installers\METCAL for MET/CONNECT)
